

Mohammed Payass S

Full Stack Developer

Coimbatore, Tamil Nadu, India | mohammedpayass03@gmail.com | +91 9361278781 | 3.2 Years of Experience

PROFESSIONAL SUMMARY

Full Stack Developer with 3.2 years of experience building and maintaining scalable web applications. Strong expertise in backend development using Express.js, Laravel and CodeIgniter, with hands-on experience in API integration, database design, and performance optimization. Proven ability to translate business requirements into reliable, scalable solutions while collaborating effectively with cross-functional teams. Skilled in debugging, problem-solving, and direct client communication.

CORE SKILLS

Backend: Node.js, PHP

Frameworks: Express.js, Laravel , CodeIgniter

Frontend: React.js, HTML, CSS, Bootstrap, JavaScript, jQuery, AJAX

Database: MySQL

Tools & APIs: REST API, Git, Postman, FileZilla, PuTTY, VS Code, Apache Tomcat

Practices: API Development, Database Optimization, Version Control (Git), Agile Methodology, MVC Architecture

PROFESSIONAL EXPERIENCE

Senior PHP Developer — Creative Bees

Dec 2024 – Apr 2026

- Developed and maintained scalable web applications using Node.js, Laravel, React.js and MySQL
- Led backend development efforts and optimized application performance across multiple projects
- Integrated third-party APIs and payment gateways to support core business functionality
- Guided the Spinny team in integrating FASTag activation services
- Collaborated with cross-functional teams to deliver high-quality products on schedule
- Managed client communication and led technical solution delivery from requirements to deployment

Jr PHP Developer — Qono Technologies

Dec 2022 – Nov 2024

- Built and maintained web applications using PHP, CodeIgniter, and MySQL
- Assisted in API integration and backend development tasks for client projects
- Identified and fixed bugs to improve application performance and reliability
- Worked closely with senior developers to translate project requirements into working features
- Gained hands-on, full-stack development experience across the project lifecycle

KEY PROJECTS

Car Rental Application

Platform enabling users to search, book, and rent vehicles based on needs and location, with authentication, booking management, and payment integration.

Technologies: HTML, CSS, CodeIgniter, PHP, MySQL, jQuery

Food Ordering Application

Food delivery platform enabling restaurants to manage orders, payments, and delivery tracking through a user-friendly interface.

Technologies: HTML, CSS, JavaScript, Laravel, PHP, MySQL

Multi-Service Web Application

All-in-one platform combining grocery, food delivery, e-commerce, and service-based modules, built on a scalable architecture with multiple API integrations.

Technologies: HTML, CSS, JavaScript, jQuery, Laravel, PHP, MySQL

Used Car Marketplace Platform

B2B used car service platform where dealers onboard and list vehicles for sale; supports FASTag activation, car insurance services, used car sales, and automatic social media sharing.

Technologies: React.js, Laravel, PHP, MySQL

Grocery Ordering & Delivery Application

Online grocery platform where store partners upload products via a mobile interface; users browse, order, and pay, followed by integrated delivery management.

Technologies: Vue.js, Laravel, PHP, MySQL

CORE COMPETENCIES

Full-Stack Web Application Development, REST API Development and Integration, Third-Party API Integration, Payment Gateway Integration (Stripe, PayPal, M-Pesa), Social Authentication (Google, Facebook), Role-Based Authentication and User Management, Google Maps API Integration, Database Design and Query Optimization, Application Security (Password Encryption and Validation), Responsive Web Development, MVC Architecture Implementation, CRUD Application Development, Performance Optimization and Bug Fixing, Cross-Functional Team Collaboration, Client Communication, Requirement Analysis, Problem Solving, and Agile Development Practices.

EDUCATION

Bachelor of Computer Science	2019 – 2022
Higher Secondary Certificate (HSC)	2018 – 2019
Secondary School Leaving Certificate (SSLC)	2016 – 2017

STRENGTHS

- Strong debugging and problem-solving
- Team collaboration and communication
- Quick learner with adaptability
- Focus on clean and scalable code

INTERESTS

Playing Chess • Listening to Music
